

Are you curious about the changes in your neighborhood? Would you like to know more about the people who live there? Have you been frustrated by out of date information, or the inability to actually see demographics in your ministry area simply because it crosses zip code or community boundaries?

Then you need Mission Insite. The Congregational Development and Transformation Team has purchased the right for all its pastors and congregational members to use this website! To use it, follow the instructions below. For more information go to [the document on how to use the website] or contact Richard Brownlee at rdbrownlee@toast.net or 419-450-0466

How to Register to use Mission Insite

- 1 Open Your Browser
