Fresh Water for Life

A Mission Opportunity

The Thika Partnership Work Group looks forward to reaching its goal of raising nearly \$50,000 to drill a deep well in the Yatta community in Kenya. We are so close! With \$5,000 more we will be able to contract the work with a Kenyan company to drill a borehole and install a solar-powered pump and reservoir tank. We have been working on this goal for nearly five years and are excited to be near the completion of this important project.

We are delighted with the generosity of individuals and congregations in the Detroit Presbytery. The churches that have given to the Extra Commitment Opportunity (ECO) for Kenya wells include:

Allen Park	Detroit Westminster	Shelby Twp. St. Thomas
Berkley Greenfield	Grosse Ile First	Southfield New Hope
Birmingham First	Howell First	Sterling Heights New Life
Bloomfield Hills	Livonia Rosedale Gardens	Troy Northminster
Kirk in the Hills	Livonia St. Paul's	Warren First
Dearborn Cherry Hill	Livonia St. Timothy	Waterford Community
Detroit Calvary	Milford First	
Detroit Fort Street	Rochester Hills University	

Now we urge all congregations to consider participating, whether they have donated in the past or not.

It's up to all of us to finish this good work. We look forward to receiving your gift of whatever amount you can give to provide *Fresh Water for Life*. Please make checks payable to the Presbytery of Detroit with the notation "Kenya Well ECO" and send it to the presbytery office at 17575 Hubbell, Detroit, 48325.

Be assured that if we receive funds that exceed the amount needed for the Yatta well, your contributions will support future projects with our Thika Presbytery partners in Kenya. If you have any questions contact the Thika Partnership Work Group Moderator, Timothy Ngare, at (248) 921-2020.
